Enclosed you will find checks and statement of sugar sold. The last few pieces being fire and were hard to dispose of and the man to whom I sold seven tubs and deducted the 5th Tare from each tub was not satisfied and I agreed to make the tare all right with him when the tubs were empty. I have done the best I could with sales and as it has taken me sometime to work off the lot - I will make no charges for the trouble of selling, delivering and collecting as I do not want to have you lose.
