The line

Wednesday night-

Dear Gætri,

I donot-know when
we shall go up to Johnson
papa says perhaps we can go
up just night-Monday; the
exhibition is in the evening
is it-not shall try and
go Tuesday any way -

Have not heard from
grandma since Monday
then she was the same but
Lacey said there must be
a change before long either
for better or worse and would
let me know either by letter
or dispatch I think she
must be better
