

[Jan 4, 1887]

Friday night-

Dear Walter,

I received Uncle Ed's letter the same day you left. I expected to have heard from you before now but - as I have not - presume your measles are better. Miss Barton has gone home to night - she said she would call and see you to-morrow, so you change and send home your clothes; she intends going home every week so we can send anything back & forth - that - we like  
good night-

Mama
