Dear Aunt

I arrived home some time ago, and found the folks well, but there was so much to do and I am very tired but not sick, I had a good visit in ~~with~~ Miss and Mary came on from there with me. I found Lexi and his family all well. They have a beautiful family of girls I think they are as nice as girls can be they are good scholars and can all sing beautifully.

Lexi is teaching and his oldest daughter (aged 17) taught last summer and will this next

They have a nice place and are getting along real well. Tom says he would be real glad
