

No. 1600

Smithsonian Institution,

Washington, D. C., July 8th 1889

My dear Mr. Marsh

You will find insect
pins at C. F. Henrichs, on
Broadway - name in direc-
tory. They are not the best,
but will answer

If ether won't kill,
try chloroform. A solution
of Cyanide of potassium will
certainly fetch the varmints

We look forward to meeting
you and Mrs. Marsh as one
of the incidents of the summer
trip. How sorry we are to hear
of Mrs. M.'s ill health.

We leave for Florida
on the 20th. Go to New York
about the 28th or 29th. Mary
then to Hartford, and I to
