"The Liberator" Boston "1864" I was in  
 (Republican spirit and had been some - since we  
 with that a long time since I have written  
 to you but I am not going to fill up half  
 a sheet with excuses - I have not forgotten  
 your answer given to me with a promise to  
 show in the course of my next month's  
 account is nearly finished and a very fine  
 piece of work - only some small things  
 remain to be done and then I shall send it  
 to the printer to be bound - I have done it  
 the original with the subject to your order  
 I have been in hot water about this war  
 abstract. These days are nearly - I have had  
 a little trouble with stirring violence and  
 charged with the (by telegraph) Boston and  
 in our own paper and I have  
 it to our frequent passage almost a place  
 right to the thing about the matter is  
 beyond estimation of the fallow is justly  
 contained in his own conduct but what  
 worries me is that there are so many  
 who are as bad as he is - and if he  
 is elected for President I shall give  
 all up - There will be no hope for us -
