Admiral Podelak: so nice to hear you get

I will ~~not~~ write a little more. I am well to day & feel first rate. last night was warmer & we slept warmer than usual & today it rains

I want a small & fine file some of our old ones will answer. & I want my singing book. as in our camp we are going to get up a choir I think if you would send out your butter here I could sell it to good profit as our sutlers ask 25 cts a pound but sells readily & if we had some genuine soft butter here it would go well. & when it comes a little cooler ~~to~~ send on a tub & I will send you back the proceeds if I do well. I will order some more. I would like to have you take some of the money & play for the horse

I want you to write soon as you receive this & let me know if all comes straight I shall take receipt so that I can collect if I lost

I shall send home my checkered vest by ^{Yours Truly} ~~Frank~~ C. B. Bennett
on the one that got his fingers shot off & he will leave them at Widow Peeres.

send a piece of cloth to ornament the old gun
