

Thursday afternoon Oct 22nd 1863

My Darling wife we have just got into
Camp at this place near "Cathlets Station" on
the R.R. - We are going to work in the
morning and fix up a Camp, and most
all seem to think it is for winter.

The enemy are all back over the
Rappahannock river - all is quiet along
the line - boys all well - will
write tomorrow if we remain settled.
here -

As ever William
