

Branch Station Va. March 9th /67

Dear Father,

I now take my pen to write you a short letter to inform you that I have just received a Receipt from the Chaplain which he took from the Rail Road Co. for the \$57.00 the he expressed for me, the Receipt is dated Feb. 28th so we suppose that the money is in Montpelier now, The Receipt states that the Co. will not be liable for any loss unless ~~in~~ there be a written

claim presented at the office where the Receipt was given within 30 days from the date of the receipt, this I inform you of so that you will try and let me know whether the money arrived safe or not soon enough so that I can secure it in case it should be lost, I have no news to write I am well as usual & Priscilla the same & so is Swift, I suppose you are moving about this time so I hardly know where to send this letter to have you get it soonest, but I will send one to Calais & Elmire both so to be sure to have you get one of them,
