

Letter No 88
Battle Field, May 13th / 64

Dear Parents & Brothers, I am
permitted by kind Providence
to live to see this day & write
this letter, but I do not know
as you will be permitted get
it. It is at awful times
I have been in an interssi-
ble battle & have been in
considerable danger all
the time for 8th days, but
was not in the front line
where I could shoot but
one day, the 5th. I have
not been hurt but am
quite fatigued, the 11th
Brigade is all cut up.
I have thought of you
& longed to write but
no mail has gone from
