

UNITED-STATES SANITARY COMMISSION.

N. E. WOMEN'S AUXILIARY ASSOCIATION,

No. 18, WEST STREET, BOSTON.

W. S. Gen'l. Hospital, Winton Road, N. C.

May 22<sup>nd</sup> / 65

Dear Parents & Brethren: I told you  
in my<sup>st</sup> last letter that I thought  
this one would be dated for the  
north, but I can't get away from  
here until they send me & I don't  
see much sign of their doing  
that, although they keep tell-  
ing about going in a day or two.

I was in hopes to have got an  
answer to the first letter by this  
time but it don't come. I don't  
know as they will think enough  
of a soldier at Jacksonville Fla  
to mail a letter for him, he's  
nathin' but one of them sick  
fellas, he will die before it reach-  
es him, that is what about two  
thirds of these army bummers
