Brattleboro to Friday Morning

Dear Sister -

I have commenced
writing home so quick. -

I want you to knit
me a night cap like
that one of Williams
or something similar I
don't care what. - I

have some buttons for a
vest which I intended
to have sent home from
Springfield (I got them there)
but forgot it so if another
makes a vest she can
make it so I can put
them on with rings -

We are in love &
