Dear Sister -

I have but a few lines to write to day as I wrote day before yesterday & there is nothing in particular for news since. There is a Lieut, or rather, a fellow that was Lieut in the 8th W. works for our Butter & I asked him this morning if there was a Capt Craig in that Regt. He said there was, that he was Capt of Co. G. so there is no probability of the Capt Craig you (or mother) spoke of being Nelt Craig. I rec^d your letter of last Sunday to day. I sent you a piece of music this morning entitled - "Drafted into the Army". I think it funny, very funny, i.e., the music, not the being drafted in it.
