

Camp Adona. Sept. 22.
My darling wife

I have
rec'd lots letters from you
since I wrote. Have not
felt very well this week
past, have had camp
dysentary but am well
of it now. We are having
quiet times here now
comparatively. Some
picket-shooting is all.
But Mc. Allans order
will stop that now some-
what. I think we have
taken the lead in that
business since we came
over this side. We had
a Capt. shot one of the
californians yesterday
