Camp Advance Oct  
Sunday. I dont know  
the day of the Month  
My dear Sir

I have just  
got through with our  
Sunday inspection, 12  
o'clock. It felt on me  
as the Col. is a little under  
the weather - When it  
comes on me I make  
a thorough thing of it  
& look at or in every tea  
kitchen & even pan & Kettle.  
Our tents are pretty much  
used up & our boys dont  
take much pride in "fixing  
up." but our grounds  
are kept polished in the best  
manner they will admit
