

Camp Griffin Dec. 9.
My sweet love

The mail didn't
come yesterday, so I got two
letters to night. About you
a splendid wife - Of course
you are smart. & I do love
you my own darling -
I wish you would send
Re. Leonard's letter back
as some of our classmates
want to see it. Thorntress
has been here, & Hobbs -
they are in Washington &
several others of clerks
teachers &c. I don't know
darling when the war will
be over. Sometimes I think
before a great while but
it's impossible to tell.
It is delightful weather
& a good time for anything
