

THE VERMONT FREEDOM TO MARRY TASK FORCE

Notes from the Task Force

Right on Canada! We applaud our neighbors to the north for pledging **full inclusion** for same-sex couples under Canada's Marriage Laws.

If you missed us at **Addison Farm & Field Days** and the **Champlain Valley Exposition** please try and catch our display at the **VT State Fair** in Rutland. We would like to thank all our great volunteers. We are nothing without you! We would also like to thank the staff at each of the fairs for their help along the way.

Get updates on the status of the New Jersey Marriage case, another case involving **full marriage equality** by following the website of Lambda Legal Defense and Education Fund at "www.lambdalegal.org"

Here at the Vermont Freedom to Marry Task Force ^{we} are patiently awaiting the decision of the Massachusetts Supreme Court case involving **full equality** in Civil Marriage. For those who are interested in following this issue please check out the GLAD website by logging on to "www.glad.org".

The Vermont Freedom to Marry Task Force would like to thank the people at **Mountain Pride Media** for all their great coverage of the events that effect our community. You do a great job and we appreciate your work.

Some of you have changed your address, telephone number or e-mail, please let us know your new info, so we can keep you up to date with all the happenings on the Marriage Equality front.
