The Mostly Unfabulous Social Life of ETHAN GREEN

by Eric Orner

SEE NO QUAGMIRE, HEAR NO QUAGMIRE.

No I most certainly do NOT see any quagmire an' I would appreciate not hearing such an unpatriotic question again, THANK YOU VERY MUCH.

Oh brother.. They never found weapons of mass destruction..

.. Our soldiers are sitting ducks..

And now they want us to write an 87 Billion dollar check to clean up their mess.

JEEZUS my cat Lucy could conduct a better foreign policy!

And if they say 87, you know they mean 250.

Speaking of.. where IS my cat Lucy?

Kind of like on Flipper...or Lassie...

See Flipper was this kind of fish, an' he'd warn you if danger was afoot. Ain't that so Cheney.. Cheney? Hey where's Cheney?

Think that little kitty cat's tryin' to tell us sumthin' Cond?

Shoot. Y'don't think Ol' Cheney fell down that Quag-

QUAG-NUTHIN!

Quag-What?

Honey, if you let the cat wander you should get her a collar.

Okay Ma.

Barn Raising

not community-oriented

Say hi to Tom Sawyer

in BR drag

Thanks to Nick Z.

just dropped by for a drink!

Other Jobs: garden, wood, dog walk, cat box

I went to a barn raising.

When I arrived, it was already in full swing. It looked more like a party.

But somehow progress was being made.

Everybody came together for the final "bent".

A BARN WAS BUILT.

blissful community
