Dear President:

Rankin, Poland's son-in-law was at Whiting, to see Douglas, on Friday last, then to Pittsford to see H. F. Satterob and was to return by Middlebury, having sent a man to Henry Lane of Cornwall, all for the purpose of preparing for a thunderbolt to be launched by Poland against the College and he promises to make a raid by which the funds shall be removed and devoted to the benefit of the farmers, as an investigation will show they are not now.
