My Dear Mrs Olgendorn

I have your card and enclosed I send all the matters I have received. I am an old man and for 50 years have been a staunch supporter of Woman Suffrage. But when I look back 8 years and remember that for the last two presidential elections the women of the west have elected Wilson and the consequence has been that we have been within an ace of having the League of Nations and the German treaty saddled on to our nation, which would have left us the laughing stock and tool of Europe I do not care to trust women any farther in National politics. Wilson seems obsessed with the idea that the Millennium is at hand, and seems to think that he is the man ordained by God to carry it into effect.

Very truly yours
Geo J Bond
