STATE OF VERMONT
STATE BOARD OF HEALTH

December 9, 1919.

Mrs. Annette W. Parmelee,
Enosburg Falls, Vermont.

My dear Mrs. Parmelee,-

Your letter in regard to the admission of women to the University of Vermont College of Medicine would properly be referred to Dr. H. C. Tinkham who is dean of the Medical College and I have talked with Dr. Tinkham over the 'phone and he asks me to reply directly to you.

Dr. Tinkham tells me that women have never been admitted to the College of ~~Medicine~~, and that practically no requests for such admission have been received. However, the matter is at the present time under consideration by the Council of the University and may at some time in the future come up for action. If you desire any further information on this subject, I am sure Dr. Tinkham will be glad to write you.

Yours very truly,

Chas F Dalton

Secretary?
