

Danville, Nt. Aug. 9th 1852.

Dear Aunt

you are awaiting
patiently for news from me and
it was wrong in me to neglect
writing so long but there has been
considerable to do since I got home
and have not had time only Sunday
and then I have been so tired
that I did not feel like writing
I have not felt very well since
I got home but have been well
enough to awake hope I shall feel
better before long the baby has not
been so well as she was at your
house her teeth trouble her a good
deal it is a good deal of work
to take care of her Levi is well
at is sometimes sick around here
and it is very dry weather we
have not had any rain to speak
of for a great while
