

Thursday morning
Apr 10

Dear children I will
tell you how I am getting
along they all say I am
recovering as fast as I can
expect altho the time seems
long this is the 4 weeks you
know this is a long time
for me to be idle

the wound is partly healed
I am gaining slowly in
strength think I shall be all
right in a few weeks

I have the best of care
I think my health will be
much improved by the
removal of so much bad blood
Sams health is quite poor
some days he keeps his bed
other days he is round the house
