Malone N.Y. May 12th

Bro Craig

I went to the Depot yesterday and thought certainly I should find some maple there but was sadly disappointed however. I wrote you two weeks ago to day requesting you to send 500# and a few small Sals I also sent in the same letter a Draft to Henrietta for the Ball due her It is time I should hear whether you have received it or not. If you have not shipped that sugar do not send more than 1000# and send as near that as you can figure as on the last shipment I paid freight on One Thousand lbs at the rate of 46 cts per hundred
