Bro. & Sis.

Yours was received here in due time and glad to hear from you think that Standard must have got things mixed a little by what you say ask him how much brandy whiskey he threw up after he left St. Johns I told him on the square the whole thing but I told others a different story to elude them for all had to ask a great many questions concerning my wound which is now all right. Enclosed you will find order on Willey for the money if he has collected it - will send the wagon matter to Raymond tomorrow. Being if you have not sent my sugar & lard.
