My Dear Sister

Your welcome favor
of Sep 23rd came safely to
hand with inclosed draft
for \$147.29 for which you will
please accept my most sincere
thanks for it - was greatly
needed by me for I was
about scraped for I am
paying out so much for
advertising and getting started
in business with no income
at present that it makes
me hard up but I expect
soon to begin to have in some
of the bread that I have been
casting upon the waters for the
last few weeks but yet I must
cast more before it will return
