

May 11<sup>th</sup> 8-

Dear Sister

Yours of the 7<sup>th</sup> inst. came to hand yesterday and mother desires me to say that the one you wrote last Tuesday has not as yet come to hand and consequently do not know the contents or hardly what you desire. The letter may turn up soon and perhaps it may not reach her at all. Better write again.

We are all usually well the mother is not any better of her weakness. Very cold and backward Spring with us nothing done on the farm.
