

Jeffersonville Vert

Dec. 28. 1885.

Dear Kate - Yours of the 21. & 22.
were both rec'd the same days
that you wrote them. Think if
you had been at home Friday
you would not have had a
sleigh ride. someone said that
sleighing was rather thin down this
way about that time. Well the reason
(or one of the reasons) that I write to
day (in school) is that there is
to be a party at Mrs. Ows next
Thursday eve, and if you are
at home, want to ask you to
accompany me on that occasion.
If you give me the mitten this
time as you did three or four years
ago if you do I will not give it.
