Dear Children ^{and} Grand
children your kind letter is
not answered waiting to feel
better I have been very poorly
since I came home I have not
done any work worth mentioning
I spun yarn enough to knit
myself a pair of mittens
I cannot spin until it is
warm enough so I can
work up stairs B was not
willing I should sleep up
stairs I stay below

Ed letter gives a glowing
account of the new house
and new fixings they moved
new years day Ed Marilla
say you owe them a letter
