Jeffersonville, Dec. 2.

Dear Katie

I will try and answer  
your letter after so long a time.  
But I will try and write  
one long enough to make it  
all up, if the girls dont bother  
me so I cant.

I am writing consequences  
with this letter so you can  
imagined how I can write.

I am living down to the  
Boys & going to school this  
winter and I am having  
glorious times.

As good times so far as  
I did when Phoebe taught  
school at the Center.
