

Dear Hattie

[Oct 6, ca 1867]
Sunday night

I wrote you Saturday but did not get it in the office in time, so will try again I intended to have gone up and stayed with you Friday night but papa had to go to Fairfax to buy sheep so I could not - I went down to Berkams with him had a very good visit - Berthy said she had not received a letter from you, Angie Day has got back

have they got on any cloaks up there papa brought up one the other day for me to look at for you & it was very nice, black price \$15.00 should have taken it up if I had gone Friday and tried it on to you but I presume it will not be sold before you come home if it is they are going to have more come I do not know what to tell you about the house it takes ^{sick} Chad

so long Mr Phelps has come (I think to advise him) Papa says he thinks he intends to let us have ^{it} he said yesterday he was waiting to hear from his Omaha friend where he intends going and besides Mrs C. has had to go to a sick sister in Rochester has been gone nearly a week I attended the Temperance lecture Thursday eve it was very good but not a crowded house have been to church this afternoon Bro of Hatch preached "I guess you think paper scarce" but guess you can read it good night -
be a good girl from
