

Esther, dear! As C- says
there is nothing to write
but as she will be disappointed
I had better finish
your cloak Monday, you
must be very careful about
the buttons, for they will
not do much service;
pull off from the eyes, we
had the same eyes from
Wednesday until this fore-
noon. C- says till you she
was marked 93 in Crommer
review. I am now working
on my rug; have it about
half done. Ethel is visiting
in Fairfax. I guess you will
not think this hardly
worthy of an answer but
as you say it is a word
and I think this about all
write when you can find
time off.
