Dear Friend Kate.

I received your very welcome  
letter last week and of course  
was very glad to hear from  
one of my old friends and  
glad to hear that you were  
coming back to school next  
term I was afraid that you  
were not coming back any  
more. I don't know just  
who are all C's. I guess  
most of them that were  
in the D. class last term
