

I have not room for
mine & yours

Jan the 8. the 86

My dear Niece after waiting
so long I will try
to pen a few Lines to you
I was sick when I recd.
yours of Nov 2^d and am so
yet we have so much sickness
in my family I have always
been so well have always done
my own work and cared for
my sick myself But the
strain has been too much
and I have had to give up for
a time perhaps you will ask
what is the matter that I
cannot tell faintness is the most
