Dear Sister

I wrote you some time ago about the offer I had for renting the old house. I sent the letter with one to another person and as I have thus far failed to receive a response from either I conclude they were not deposited in the P.O. About the last of Apr a man by the name of Mallon came to me and wanted to rent the house and I told him that you wanted \$150 pr mo with two rod garden this he would not give and I said to him that I presumed you would rent the house without garden for one doll pr mo - and I wrote you the offer at the time & wanted to know
