My Dear Sister -

We received your letter the other evening and of course we were very glad to get it. I went a concert, or rather a Lecture last night.

We are all well. Oh! Katie, Bessie is so pretty, and so good. Our School is most out and I am not very sorry.

Mamma said it seemed a good while since she had seen you, and we will all be very glad when you come home.

I told you in one of your letters I had a very nice ring it is gold with three stones the center stone is white
