Friend Katie

I received your
letter some days ago &
enjoyed it - ever so much
it was so long it seem-
ed as if I ~~was~~ having
a real chat - with you
but as my finger is
better so I can work
& have been pretty busy
to make up for lost
time so have had no
time to answer before
I went to the reception
had a boss all time
you said you thought
of it several times but
probably no one missed
