

P.S. I hope you
are well and
are not worry-
ing over this
matter. I think
it will all
be settled
soon & I
am rather
pleased that
we can get
rid of the re-
sponsibility of the
care of the funds
soon.

Jeffersonville Wt Dec 8. 1884

Mrs Andrew Fletcher

Dear Madam

After having advised
counselled, commanded, threatened
and for a change entreated your
daughter to write you I have con-
cluded to write you for I of myself

You are well aware that my
influence in the way of com-
pelling obedience over your daug-
hter is quite limited

We are at your sons here, and
may stay here until ~~the~~ matters
in questions arising in the matter
of settling the estate are disposed
of. We have not suffered as
yet I trust either in person
