My Dear Aunt Ruth, Yours of the 21st is recd. I am very very thankful. We will give God the praise, and we will not forget his agent in the work, Charlie Hogan. A person unacquainted with you and your affairs, and needs, would not have been quite so likely to have been the help to you, that he has been. I am truly thankful that one of the many for which you provided a home in the past, does not forget, or neglect you in your time of trouble. Will you thank him for me, for what he has done for you. I have all-ways since seeing him, believed him to be kind, honorable, and trustworthy. He has proved that he does not forget his old time friends, even when they have no money. I was in hopes you would come here, I knew you would be timid about coming alone, but you could do it, for R.R. officials are kind to the aged or helpless, but since things are so well settled for you, I suppose you would rather stay with Ella. I believe she and her husband will be kind to you. They both seemed to me, to be very kind hearted, and to think of you, and your comfort. I have frequently told Lizzie that if you & Uncle left the farm, I hoped you would go to Ella's. Do they live where they did when I was there? and are they getting along well financially? I hope I did not hurt your feelings by any thing I wrote in my last, there was what I wrote about the F. family, I will try to explain my meaning.
