

39 Court St Boston
Apr. 28th 58

Dear Sir,

I send the remainder
of the article. It makes more than
we had supposed, and has been
delayed longer than we intended.

You will see one or two blanks
in reference to the Constitution of
Vermont. We could not get
at any documents here which
would help us out with them.

What the Convention of Jan'y. 1857,
did, we have never learned -

You may think we have
said too much about the school
of Mr. but if anything is impor-
tant to be said about any state,
it is the manner in which it
disposes of the great cause
which relates to the destinies
of coming generations -
