

39 Court St Boston,

Jan. 17/59

Hon. Geo. P. Marsh

Dear Sir, In your last,  
of Jan. 8<sup>th</sup>, you suggested that  
"Prof Guyot of Princeton Coll. would  
doubtless give me the altitudes of the  
Green Mts." Some months ago—last  
Summer, I think, I wrote him  
at Princeton making this request,  
but never rec<sup>d</sup> any reply. I am  
not personally acquainted with Prof.  
Guyot, but desired very much to  
get the most recent & accurate infor-  
mation upon this point, as I had  
taken especial pains with the White  
Mts.—I think if he knew the character  
of the work for which it is wanted, he  
would be inclined to send it. If, therefore,  
you will have the kindness to request  
it of him, and forward it to me, I shall  
esteem it a great favor. I should  
like it, if at all, within a few days.

Truly yours  
A. A. Cook

P.S. I shall look for Montpelier & Woodstock tomorrow or next day.
