

Washington, Jan. 16, 1875.

My dear Mr. Marsh.

I wrote the Agri-

cultural Department - to ascertain its intentions about publishing a corrected edition of your paper. Mr. Dodge, the editor of the Report, informs me that they have no copy in the Office, but that if they can get one from you, with the corrections you desire, they will try to have it introduced in the forthcoming Report. Please therefore send the pamphlet as soon as possible.

We shall look with expectation for the arrival of the box which you announce, as sent to the State Department. Lucy will be delighted to see her "Archaeological Bulletin".

Very truly yours,

Spencer W. Baird

P.S. - Geo. P. Marsh.

U.S. Minister,

Rome

P.S. Jan 17. The Bulletin has just arrived: very acceptable and much indebted

38.343.
