Camp Seigle Va, July 27, 62

Dear Maria

I thought as we were once more at a halcyon I would write you a few lines. We left our camp at Clouds Mills the 25th at 4 o'clock AM. and after a very tedious journey via Washington & Harpers Ferry we arrived here yesterday 10 o'clock AM. being over 3 days on the road. In passing over the R.R. between here and H. Ferry the train of cars which I with my Co. were on ran off the track, but as we were not running very fast and there being ledges of rocks on each side the track but little harm was done though two cars were pretty badly smashed up, no harm was done to any of my Co.
