

Hampton,
June 27. '61.

My dear Sir:

My friend Mr. Isaac Jones, of my county who has been miserably a good Union man and who has in his possession a protection from General Butler, desires to regain possession of some of his property now held by the government troops. The property is 2 negro boys, 4 horses, and a mule, and 4 sets of harness. Without this property, he cannot carry on his farm, and will lose his crops.

You will greatly save a good man, and you will greatly oblige me by letting him have a part, or the whole.

I am

Very Respectfully

Your friend &

Devot
