Dear Laura:

Your letter

sent to Brothboro, reached me
tonight, and you may be sure
I was glad to hear from you -
I hope you continue to get along
as well as you appear to have been
at the time you wrote. Write a
little at a time every day &
send what you write over a
week or oftener. I will reply as
often as I can. We are very busy
& I have a great deal to do -
Mary can tell you how busy
we were at Brothboro & we have
not got over it yet - We are
just beginning to drill in
addition to our other duties -
