Dear Mary:

Your letter dated
the 12th was rec'd last night &
sped was I to hear from you as
I always am -

I have just come from Col.
Blunt's tent & he wants to know
if I am ready to send for my
wife to start a week from
tomorrow! I told him I was
afraid you would not be ready.
He wants to have his wife start
there if she can & is going to write
to have her, but I hardly think
she will be able to. I think
you had better write her as soon
as you receive this & find out
