Dear Sister -

I will write
a few words in answer to your
letter of Nov. 1st

I do not know now
whether Mr. Satter was employed
in getting that business, but
my impression is that I
made out the papers to attach
the Col. for as I was in the
Office I suppose it would
be said that he was em-
ployed in that, for that
was settled and I do
not know as that he
was employed in it
any further for it was
not necessary -
