My good one

Your good letters of Sept
28th with Katie's Perkins and yours of
Oct 15th came in here yesterday. George
also got one from Emory. I can only
say to you this morning that I am well
yet, so is George - and all the rest of us,
and that we are in the same place
as when I wrote last, and that
there is nothing new from our line
to write - as we have about the
same thing here over and over.
You get the regular Army news
much oftener and quicker than we
do as we do not get anything
but once a week - I will not
try to answer your letters until I
have more time (Sunday I guess)
but will call this a "good
morning" as ever your loving husband
William
