own true blessed darling Mary Jane
Your exceedingly good long
letter of the 13th 14th 15th came tonight
and I have read it over with
a quite deal of satisfaction, for
darling it does me good and
satisfies me to hear you say
that "now you know yourself
better than ever you did before
and that you know beyond a
doubt that you can trust yourself,
for my darling one I know you
better than you know yourself if
possible, and I do not believe
you ever attempted to deceive me
in the "least little particular"
that I did not know it sometime
although I may not have let you
know that I did know it,
