My darling wife

I have not had a chance to send a letter to you for the last two weeks for we have been on the move most all the time. besides I could not write myself if there had been a chance, for as soon as we commenced to move my head was worse, so I could not use it at all, but it is much better now and I guess I shall take command of the Regiment again in a few days - I began to think for a few days that I should lose my right hand, my finger discharged very much and looked bad, but it is all
